Heading 1

Some example text of around 2 lines long that I will pad with the following words, Lorem Ipsum
Lorem Ipsum Lorem Ipsum Lorem Ipsum

Heading 1.1

1 Line, followed by bullet points that will be used. No more than 6 bullet points for conciseness

- **Bullet Title** - Some example text, note the - is not bolded
- **Bullet Title** - More example text, however much is needed, but try and keep it concise
- **Bullet Title** - Lorem Ipsum Idor Lorem Ipsum Idor Lorem Ipsum Idor
- **Bullet Title** - More template text that can be used to describe something for heading 1.1

Heading 2

Here is an example of text based information, for example code blocks, file structures, anything that should be displayed using text instead of an image (1x1 Table, 1.5pt Black Border, Background Colour #D8DAD6)

```
class HelloWorld{  
    public static void main(String[] args) {  
        System.out.print("Hello, World");  
    }  
}
```

Heading 3

Here is an example of how to do an image (1 pt border) (**Roboto, Centered, Line under, Italic**)

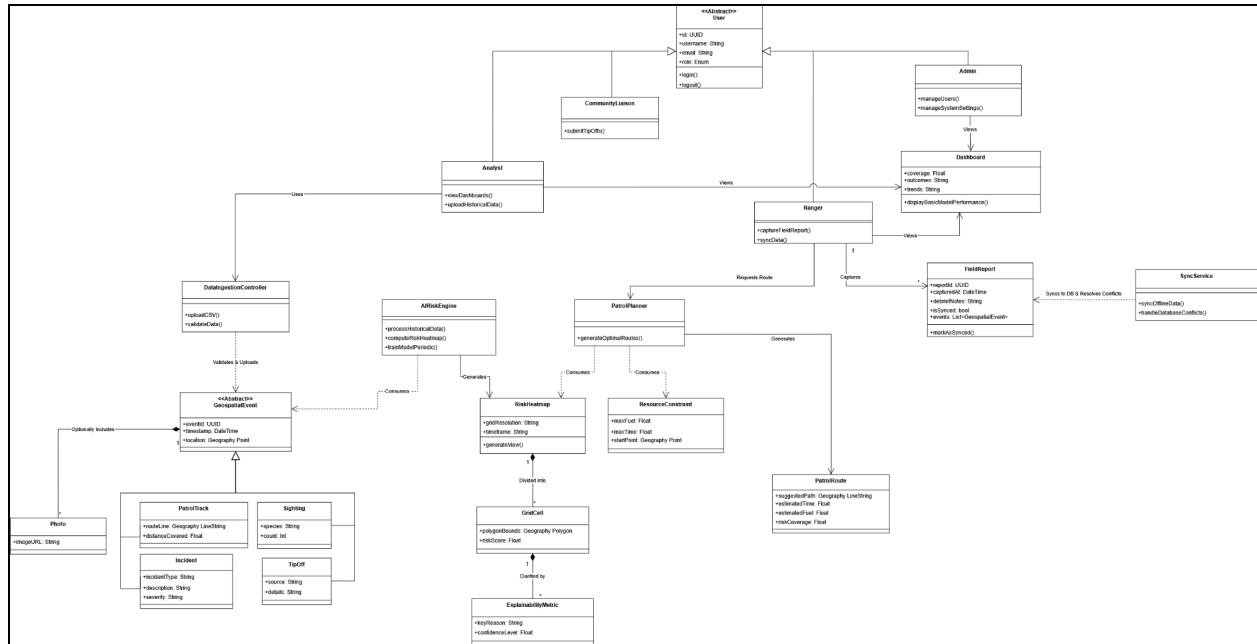

Figure 1 - Domain Model

Some General Things

- Line spacing of 1.5
- **DON'T TOUCH THE FOOTER.** Images are really wonky in Google doc footers and it breaks very easily
- More stuff will be added as needed

Following this is a blank page that can be used to insert stuff, just press ctrl + enter to insert a new page
